

## Important Information Regarding Our Deer Hunts:

- All whitetails are free ranging. We cannot control the weather or hunting conditions. This is why we call it “hunting,” not “killing”.
- Our hunts are semi-guided, we take you to and from the stand; we do not sit with you in the stand unless arrangements have been made for video or health purposes.
- All hunt fees are due 30 days prior to the arrival at camp and before any hunting takes place.
- Our hunting area consists of approx. 12,000 acres of privately leased and managed land in Crawford and Bourbon Counties in Kansas and Barton County in Missouri.
- We strictly encourage the harvest of bucks scoring 135” or better on the B & C or P & Y measuring system. **A \$500 non-trophy deposit is due with the final payment. If you shoot a buck scoring less than 135” you will lose the full deposit. If you shoot a buck scoring over 135” or if you do not kill or wound a buck while hunting at Oak Valley your deposit will be returned to you before you leave. Failure to comply with this rule will result in you being asked to leave camp and legal action may apply.**
- You are to remain seated in your stand unless otherwise instructed to move. Careless walking around is prohibited and if caught you may be asked to leave camp with no refund available.
- If a deer is wounded, a mandatory search is warranted until a decision is made to allow further hunting. We have every right to NOT allow you to continue hunting if we determine the wound to be fatal. Please tell us if you SHOOT and/or MISS!
- All firearms hunters must wear a solid orange hat and vest while hunting.
- We use mostly ladder stands. Box blinds and ground blinds are also available; please call ahead with any special requirements.
- It is mandatory that all hunters use a safety harness while hunting from treestands; they must also sign a release waiver before any hunting is allowed.
- Our guides will field dress and cape your deer unless you wish to do so.
- Processing- will be available at a local processor and can then be shipped back to your residence. In the event that you do not want your meat, we will gladly donate it. The standard processing fee is \$70 which you are responsible for.
- **Smoking Policy-** No smoking is allowed inside the cabins, treestands, blinds or in the guides’ vehicle.
- **A 6.3% Kansas state sales tax will be added onto the cost of each hunt.**

I agree to these policies and will strictly adhere to them while hunting at Oak Valley Outfitters, LLC; while on its properties and staying at its camp.
